The SpecialLink Series

For early childhood educators, resource teachers, parents and early interventionists — *anyone* passionate about including children with special needs.

INCLUSION: The Next Generation provides a snapshot of current inclusion practices in child care in Canada. This book investigates what makes inclusion work, what makes quality child care for children with special needs a reality. As we enter the third generation, *Inclusion: The Next Generation* focuses on critical roles and resources that sustain existing inclusive programs and that encourage more centres to enroll children with special needs.
